

Baunton Emergency Plan

Gloucestershire County Council, district councils and emergency services have an emergency response structure. Although there is no statutory requirement for a local community to produce an emergency plan, they are encouraged, by county and district councils and emergency services, to develop one. A Community Emergency Plan documents how a community would respond to an emergency situation e.g. while awaiting the assistance of statutory authorities /emergency services, or in support of them.

This plan has been developed by the Community Response Group (CRG) and it covers the whole of the geographical area of Baunton civil parish.

Please Note: for the purposes of emergency response, this plan covers all residences in the parish, including those adjoining Baunton Lane, Gloucester Road, A429 Fossway and the Welsh way between the A435 and A429.

Contacts and Emergency Numbers: Contact information for local government and local utilities	
Electricity supply cuts and emergencies	National Grid Phone: 105 (power cuts) or SSEN on 0800 072 7282 Phone: 0800 40 40 90 (dangerous situations) Website: https://www.ssen.co.uk/PowerTrack/ or download the PowerTrack app
